FireWire – Angled Cables

Versatility - We have designed and created the new Angled FireWire Cables to solve the issue of space and ergonomics.

Quality – We proudly manufacture our cables to exceed all IEEE 1394 Standards and meet RoHS Standards. We back each cable with our “100% Satisfaction Guarantee” – to help you buy with confidence.

Current Markets and Applications:

- Prototype Development
- Robotic Engineering
- Security Camera Installation
- Laptop Installation (vehicles)
- Marine Research Equipment
- Micro-Biology Equipment

Specifications:

- Cable Type: FireWire
- Signal: 2 Wires – 28AWG (Twisted)
- Power: 2 Wires – 22AWG
- Component Certifications: UL / RoHS
- Shielding: Double
- Shield Type: Metal braid over foil
- Connector: PVC over Mold

FW - 6pin Female (Panel Mount) to Rt Angle 6pin Male - 6inch
Part# RR-66R01-AV

FW - Double Angled - 6pin to 6pin - 27inch
Part# RR-CFS6R036R03-27

FW - Rotated Rt Angle - 6pin to 6pin - 5ft
Part# RR-66R03-60B
